

IWHITE RKG

Raspberry Ketone Glucoside

- Favorable adhesion and moisturization.
- Functions in skin by blocking production of melanin
- Can be use in treatment with pigmentary disorders such as age spots.

Raspberry Ketone Glucoside, RKG, it's a natural product derived from raspberries. This product inhibits the production of melanin and is perfect as a skin lightener and antioxidant. Additionally, it is a good nitric oxide capture agent as it effectively reduces the quantity of this compound found in the skin. RKG is known to suppress melanin synthesis by inhibiting tyrosinase and the activity of inflammatory reactions.

Formulation instructions
