

IWHITE GLABRIDIN

Natural Whitening Emollient

- Whitening/lightening effects.
- Advantageous moisturization and oil production control.
- Provides the skin with soothing action in acne treatment.
- Imparts antioxidant action.

It inhibits tyrosinase activity and oxidizing enzymes. This extract has been used as an anti-inflammatory and antioxidant since licochalcone—a molecule contained in licorice root extract— aids in controlling oil production and helps soothe acne-prone skin.

Glabridin possesses similar abilities as SOD (Super Oxide Dismutase), meaning it can remove free radicals. Additionally, it has antioxidant properties similar to Vitamin E.

Formulation instructions

Dosage levels: 0.1-5%. Dissolved in ethanol, 1,3-propanediol and 1,3-butanediol.

Technical Data

INCI Name (US)	Glabridin
INCI Name (EU)	Glabridin
Appearance	Powder
Color	Red brown
Heavy Metals	Max. 10 ppm
Arsenic Content	Max 2.0 ppm
